

Jewelry making at Carden: Beads and Pearls!

This January, there will be two after-school jewelry classes – **Beads** (K-8th) and **Pearls** (3rd-8th)!

- **Beads** will be open to students in grades K through 8.

In **Beads**, we'll use brightly colored glass beads to make necklaces, bracelets, earrings, backpack decorators, and other fun things.

- **Pearls** will be open to students in grades 3 through 8. Staff or older siblings may also attend.

In **Pearls**, we'll use freshwater pearls and sterling silver clasps. Freshwater pearls are inexpensive but can be very beautiful. The pearls we'll use will be near-round and they'll be nice and shiny. Students will design a necklace and bracelet and then finish their jewelry themselves.

Dates and costs:

Beads: \$100 for 8 weeks.

Pearls: \$130 for 7 weeks; students may also make beaded jewelry if pearl projects are finished early.

Both classes will start on Wednesday, January 11, 2012;

Times: beads will be at 3:30 and pearls will be at 4:30.

Please make checks payable to **Obura Company**.
